SUMMARY

Aspiring Data Analyst skilled in SQL, Python, R, Advanced Excel, Tableau, and Power BI with experience in data cleaning, exploratory data analysis, and dashboard development. Experienced in analyzing large datasets to identify trends, patterns, and business insights. Strong ability to transform raw data into actionable insights using data visualization and statistical analysis. Served as Team Lead for multiple projects, managing workflows using Jira and ensuring timely delivery.

SKILLS

Programming: Python (Pandas, NumPy), SQL, R

Database: MySQL, MongoDB

Data Visualization & BI: Power BI, Tableau, Advanced Excel (Pivot Tables, Power Query)

Cloud: AWS (S3, EC2, Lambda, Athena, Glue, EMR)

Tools: Jira, GitHub, Databricks

PROJECTS

State-Level Liquor Sales Analysis | [GitHub](#)

- Analyzed 33+ million liquor sales records using cloud-based analytics on AWS, enabling efficient processing of large-scale datasets.
- Performed data transformation and cleaning using AWS Glue and Athena (SQL) to prepare structured datasets for large-scale data analysis.
- Conducted Exploratory Data Analysis (EDA) to identify regional sales patterns, seasonal demand variations, and consumption trends.
- Built interactive Power BI dashboards to track KPIs, sales performance, and category-level insights, generating data-driven insights on high-performing regions and demand trends.

Student Placement Data Analysis | [GitHub](#)

- Cleaned and transformed 3 years of placement data using Power Query and Advanced Excel to ensure data accuracy and consistency for analysis.
- Performed Exploratory Data Analysis (EDA) to identify placement trends and key factors affecting student placements across branches.
- Conducted correlation analysis between placement outcomes and academic factors such as branch, marks, and project grades.
- Built interactive Excel dashboards using Pivot Tables, Pivot Charts, and slicers to visualize placement KPIs and generate data-driven insights on high-performing branches and placement success factors.

EDUCATION

Centre for Development of Advanced Computing, SM VITA Mumbai

(2025-2026)

Post-Graduate Diploma in Big Data Analytics – 77.88%

S.G.G.S. Institute of Engineering and Technology, Nanded

(2021–2025)

B.Tech. Electronics and Telecommunication Engineering – 74.30 %
